

2016-2017 MD6 3rd Council Meeting
6NE District Governor's Report

In 6NE Lion Members are stepped up to make a difference every single day in the community they serve.

It is amazing to see Lion members at fundraisers, at community events and at Club meetings being proud Lions.

The impacts Lions are having in their communities are no longer being kept a secret. Lion members are working on legacy projects so that future community residents will thank them for.

They are using one word to have a greater impact on those they serve in the community.

The word is "**BECAUSE**".

What's so magical about that word? Simply put, using this one simple word will FORCE us to answer the question "WHY?"

"We do eye screenings in schools **BECAUSE**..."

"We collect eye glasses **BECAUSE**..."

"I am proud to be a Lion **BECAUSE**..."

See what I mean?

In order for our Clubs to grow, we have to remember that our most important job is educating our members and our prospective members. We have to teach them why we're important, how to utilize them to their greatest advantage to impact our communities. We will mentor them by giving them tools to be strong Lion leaders.

BECAUSE...if not Lions, who will.

Proud 6NE DG Lion Kenneth Moore
