

Council Meeting

January 21, 2017

Get ready for the Spring Fairs starting on April 22. There is a new CEO at the 9Health Fair Gary Drews. He brings tremendous leadership experience in the health care sector and a track record of improving every organization with which he has been affiliated.

Last year (2016) we had over 45,803 people who purchased blood work. Total donations for 2016 were \$91,112 collected at the fairs.

The 9Health Fair could not do what they do without the support of the Lions club. The 9Health Fair thanks all the Lions for their help and support, and the staff greatly looks forward to working with the Lions in the future. The Lions truly make a difference in the lives of thousands of individuals because **WE SERVE**.

Be ready for the Fall Fairs coming up in October. Look forward to seeing the Lions helping with one of these Fairs.

Remember, "There is no "I" in Team, but we sure are glad there is "u" in our volunteers! Thank you for volunteering!" Keep up with the great serve.

Information Technology

Have updated state website with to have State Secretary to get on the state web site. Carol and I are learning what can be changed, like verbiage and using the date area to be updated when she wants. Also she can changed pictures, but not backgrounds. That date area has been moved to the Home page. I'm working on updating more pages and adding a information page for anyone who wants to become a Lion, alone with an input section that will be sent to Carol. Let me know what you want.
