MD-6 Council Report

Our 2016 Paul Barbour Lions Regional Leadership Institute is just 7 weeks away! Deadline is September 1st. To prepare materials, we must have a participant list at that time to insure the institute to be a success. District Governors, please get your applications into us before the deadline.

Registrations for the Institute. As of August 1st 4! Three are from New Mexico! One From 6-W. None from any other District. As reported before, we are excited about this year's institute as there are some new Moderators and new programs.

We still have the same qualifications, with our goal to focus on building the skills of Lions Leaders to aid in helping them with their future Leadership rolls. The costs remain the same. \$75.00 covers two meals for Friday, three meals for Saturday, and one for Sunday. Two nights lodging are also included for this price. The District Governors and Vice District Governors and their Cabinets are our team in the field. You need to help us by putting the program in front of your clubs. We have had in the past a majority of our District Governors take the Institute prior to becoming leaders for their districts. Oh-Yea! Might help with your role in your job, your church, your home- in fact in every aspect of life! What a deal for only \$75.00!!

Success is only accomplished if work towards it has been started!!

Yours in Lionism;

Lion PCC Lance Balding
Chairperson
