Reconditioned Glasses Shipped:

	2013-14	2014-15	2015-16	2016-17
Glasses Shipped from Sterling	85,800	46,725	49,420	5,195
Average/month	7,150	3,984	4,118	866

Goals for the 2016-2017 year:

1. To increase the number of mission groups using our eyeglass program. I hope to do this by getting our information out to prospective mission groups and contacting some of the groups that have used our glasses in the past and see if we can get them back.
2. To process 1500 eyeglasses per week. Based on a 50 week year we would process 75,000 pair in a year. We have enough on hand to meet this goal. I will need to keep the pressure on the prison and our club to accomplish this goal. If goal 2 is accomplished, goal 1 will have to be accomplished also to keep the flow moving.
3. To continue to be conservative with the use of our funds. I would like to be able to make another transfer to CLF Savings this year or next. To accomplish this I need to watch expenses, collect gold and titanium frames for cash and continue to sell the prescription sunglasses.

Council Information:

Some facts:

- Sterling Lions sorted 23,825 pair of processed glasses in the past six months at their Tuesday afternoon sessions. They still sort every week in the summer while the club is on vacation.
- There is a new warden at the Sterling Correctional Facility. The previous warden, who was a member of the Haxtun Lions Club, has retired. There has been a smooth transition of leadership. We currently have two inmates processing used eyeglasses and their quality of work is very satisfactory. They process 1,000 to 1,250 pair per week..
- Two boxes of Titanium and one smaller box of Gold frames were sent to the ReSpects in Los Angeles on December 30.. Payment is slow as they have to process what is received, but a check is expected in April or May..
- Sterling can use hard eyeglass cases, but doesn't need any soft cases at this time.
- The company in Missouri that buys a limited amount of prescription sunglasses from us is still generating income for our program. We receive \$400 for each shipment of 5 boxes.
- Orders have been slow from mission groups. I have been contacted by Feed The Children and will be shipping approximately 45,000 pair by February 1. We are overstocked at the present time, but will still be able to honor new requests after this large shipment.

Used Hearing Aids:

We do take used hearing aids in our collection boxes and either send them on to the Texas Lions Recycling Center or use them in the Sterling Lions Hearing Aid program. LCI carries a Hearing Aid Recycling decal (IAD-19) that can be added to the eyeglass recycling box.

Mission Groups:

If anyone knows of a mission group that wants to take glasses to developing countries, they can contact David Conley at 970.522.1319–home, 970-520-3840-cell or djconley4313@gmail.com for more information or an order form. Glasses are FREE and the only expense to the ordering party is shipping the glasses to them.

Shipping Glasses to the Sterling Lions Club:

Clubs can ship glasses directly to David Conley, 358 Bannock St, Sterling CO 80751. They can also bring them to the Golden Lions garage or a drop off location in Aurora – Michelle Ramsey at 26612 E. Calhoun Pl., 325-340-2856. Jon Berquist can be contacted at 303-431-0469 for the Golden location. Call the day before so they can arrange access. If someone is coming to Denver for an Eye Bank, Eye Foundation, etc meeting, call Jon and he'll be glad to get any glasses you can bring.
